bambooHR™

The #1 HR Software for Small and Medium Business

Bamboo takes paperwork, spreadsheets, and data management out of the HR equation. We set you free to do great work.

It's about people, not paperwork.

That's why we created BambooHR—an easy, intuitive Human Resources Information System that manages your data so you can do the great work you really want to do.

BambooHR consolidates all your employee information into a single view. You can then access, control, sort, analyze, and take action on the data instantly—from your office, from home, or on the road. We know change can be hard, so we're making a promise to you: We'll guarantee your success with BambooHR, whether you're switching from spreadsheets to our software or coming from another client. We're just that confident you'll love Bamboo.

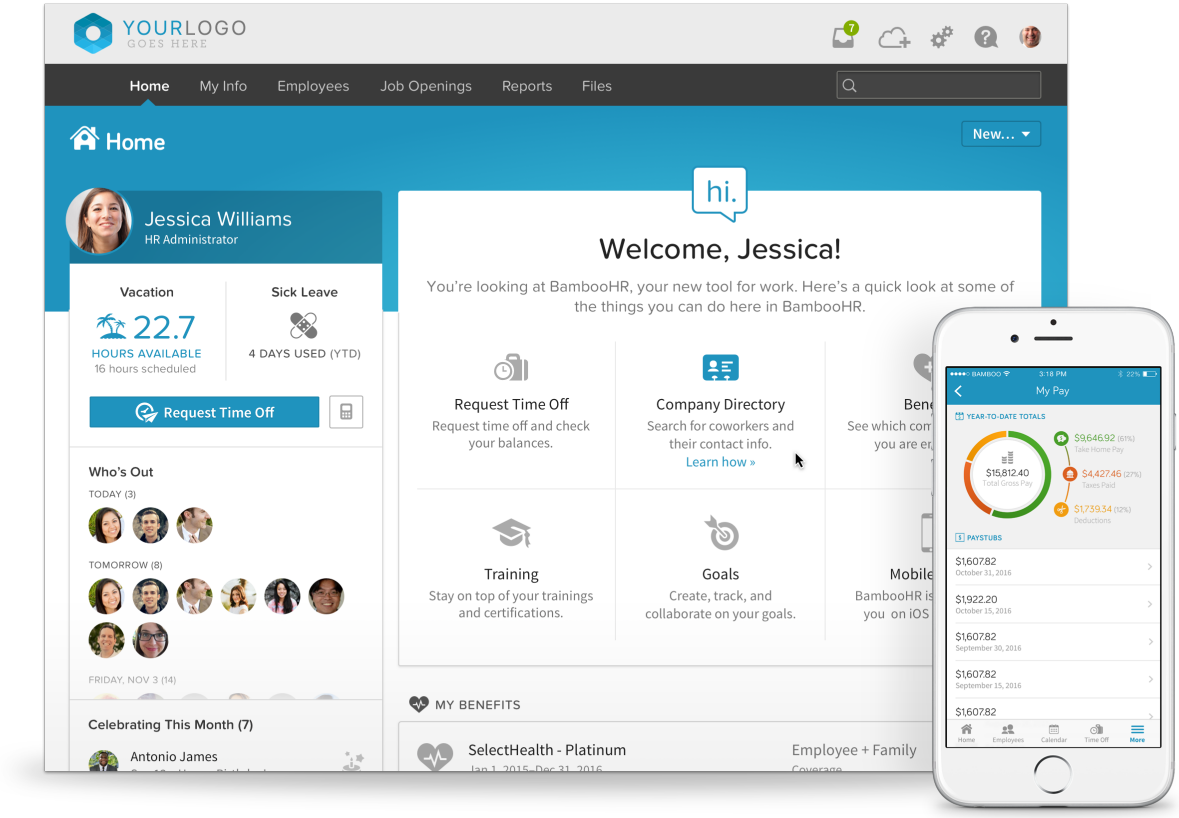
Ease of Use

Technology can be clunky, but it doesn't have to be. Transitioning to BambooHR software is easy. Using it is even easier. And loving it is easiest of all. Whether you need visibility across multiple locations or custom tabs and instant reports, they're all just a few clicks away.



Beautifully simple (yet thoughtfully powerful) tools that automate operational HR tasks so you can get to the strategic activities and outcomes—like recruiting, engagement, retention, and job satisfaction—that make a big impact.

"I find a lot of joy in helping people grow and become more productive through training and one-on-one sessions. BambooHR is so beautiful that everyone uses it, which frees up more time for me to follow my passion in helping people do their jobs better. And its integrations and reports are fantastic!"

—Kim Rohrer, Head of People Operations

"I love my job because I really like the people here at 99designs. Thanks to BambooHR, our small admin group has more time to connect with our teams and be proactive in building a transparent, supportive culture across our offices worldwide."

—Caroline Moon, CFO
